Parking Instructions:

Parking is always challenging in Oakland and Ascension (at the corner of Ellsworth and Neville) has limited parking. We are recommending that people from the same church carpool and arrive a bit early. Parking attendants will be in both of our lots to advise you if you have difficulties.

Please use one of the following options for parking:

- Park on the street - Parking restrictions in **Area J** have been lifted for the day so you will not receive a citation if you park on the street. Area J extends several blocks around the church. You may also use **Area U** by Shadyside Presbyterian Church on Amberson Avenue (but will have to walk a bit further!).
- Park behind Central Catholic School (4720 Fifth Ave) – Central Catholic is 1 block south of Ascension on 5th Avenue. The access to Central Catholic's parking lot is behind their buildings, with an entrance off of Neville Street. As you are travelling south on Neville, after crossing 5th Avenue, please use the second driveway to the left (the driveway entrance is opposite Winthrop Street)
